Techinical Skills

- JAVA
- HTML
- JavaScript
- css
- React js
- Mongo DB

Soft Skills

- Effective communication
- Team player
- Strong problem solver
- Good time management
- Team Leadership

Area Of Interest

- Full-stack development
- Web-developement

Languages

- English
- Tamil
- Hindi

Development Tools

- IDEs: Eclipse, Visual Studio Code (VS Code)
- Database Management: MongoDB Compass

Design Tools

- Canva
- Figma

Certifications

- Skillrack - C,Java,Sql
- Hackerrank-java(basics),javascript (basics),html,css,react(basics),Problem solving (basics)
- Completed online web-development internship offered by octanet

Objective

I am a meticulous and organized engineering student seeking an Entry-level position in the field of Frontend Development. I have a strong foundation in HTML, CSS, and JavaScript, and I am well-versed in React.js. My passion lies in web development, where I enjoy applying my skills to create innovative and user-friendly interfaces. I am eager to contribute to a dynamic team and further develop my skills in a professional environment.

Education

B.E. Computer Science and Design   **-2025**
- 8.61 CGPA (till 4th semester)
- Karpagam College of Engineering

HSC Bio-Math (State-board)   **-2021**
- Passed with-90.14%
- Vidhya Parthi Higher Secondary School,Dindigul,

SSLC (CBSE)   **-2019**
- Passed with 83%
- Shri Maharishi Vidya Mandir ,Dindigul.

Projects

Flight Ticket Booking Website (MERN)
- I independently developed a flight ticket booking system for a specific airline using React.js, MongoDB, Express, and Node.js. The project features a custom user interface created with CSS, and it does not utilize Material UI. This experience allowed me to gain practical knowledge in full-stack web development and refine my skills in JavaScript, React.js, and database management.
  Fronted-hosted-https://voyagefrontend.vercel.app/

News Hosting Website (html,css,javascript)
- Designed and developed a responsive news website using HTML, CSS, and JavaScript. Integrated a RESTful API to fetch and display current news articles, implementing features like search functionality and category filters. Demonstrated proficiency in front-end development, responsive design, and API integration.

Personal-Portfolio Website (html,css,javascript)
- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript to showcase projects, skills, and professional experience. Implemented responsive design principles for cross-device compatibility and utilized modern web development techniques to create an engaging user experience. Demonstrated proficiency in frnt-end web development and design.

Activities

Presentation on "Evolution of Technology"
- Presented a paper at Rathinam College of Arts and Science on the topic "Evolution of Technology."
- Discussed the historical progression and future prospects of technology, highlighting its impact on various industries and everyday life.

Presentation on "Blue-eye Technology"
- Presented a paper at PPG Institute of Technology on the topic "Blue-eye Technology."
- Explored the concept of Blue-eye technology and its potential applications, focusing on its role in enhancing user-machine interactions and its relevance in contemporary technological advancements.

Presentation on "Power of Artificial Intelligence
- Presented a paper at SNS Institute of Technology on the topic "Power of Artificial Intelligence."
- Examined the capabilities and implications of Artificial Intelligence, emphasizing its current influence across industries and its transformative potential in shaping future technological landscapes.
